P R E S I D E N T - G I N N Y B U C K A L E W

Dear Members and Friends of LBRW!

I hope you are enjoying our cool winter temperatures as much as I am. Lots of things beyond the weather are heating up with our mid-term elections later this year. We are seeing more candidates throw their hats into the ring for this years races and we will be bringing as many of those Republican Candidates as possible to speak at our upcoming meetings. It is so important that we all educate ourselves so that we can vote responsibly. The Democrats are looking to spend a lot of money this year in key states like Arizona. They want to flip the control of the Legislature and turn us into a solidly blue state. We cannot let that happen and it will take each of us doing our part to stop them. Not only must we get out and vote, but we must make sure our family and friends do the same. Don't let those low-propensity voters stop us from taking back the top political positions in Arizona. As we were reminded at our last meeting—less than 40% of Registered voters turned out for the previous mid-term election. That cannot happen in 2026!

I hope you will plan to be at our monthly meetings for a little fellowship, fun, and plenty of information on upcoming events in our area. I look forward to the year ahead and our time together. I am always available to you for questions or input. I hope to see all of you at our February meeting and remember—invite your Republican friends to join us too!

Your President

SPOTLIGHT MEMBER — KAREN VANDERJAGT

I was raised in rural New Jersey, but on my way around the world, fell in love with Arizona and settled here. My husband, Paul, moved me to Havasu in 1975 on our honeymoon. I've survived raising strong-willed and energetic children by perfecting the skill of parenting by trial and error. At present, my husband and I are enjoying being the grandparents of six.

My working experience includes critical care, recovery room, labor and delivery and for the last 26 years of my working life, Obstetrics and Gynecology. I've taught child-birth and breastfeeding classes and spent four years as a sexual assault nurse examiner.

I'm very proud of my children. Sadly, we lost our oldest son when he was seven. Our second son is a Master Chief in the Coast Guard. His last posting was in the Honor Guard and he participated in Carter's funeral and Trump's inauguration. Our third son has an IT business here in town and is a master of all things electronic or mechanical. Our daughter is an Art Conservator and has the record in our family for degrees with two Bachelors and two Masters.

My hobbies are writing, reading and painting.

I joined the Republican Women October of 2024, mostly out of fear...fear of Kamala Harris. I've been a Republican all my life as were my parents. I first became interested in politics listening to my parents argue across the dinner table—my mother, a staunch Goldwater fan, and my father who was going to vote for, ugh, LBJ. My mother was right!

We travel whenever possible to indulge my dream of seeing the world. We've been to Europe and the Caribbean, but our favorite places were New Zealand and Scotland. We celebrated our 50th anniversary by sailing off the coast of Maine in a small 150 year old schooner and touring other New England states.

For the next two years, I will be serving as your Corresponding Secretary and look forward to meeting and serving all of you. You may contact me by email at kljagt@yahoo.com or cell 928-486-0027.

Satire: A sneak peek at democrat "Project 2029"

Apparently, the self-same Democrats who went ballistic over Republicans' "Project 2025" policy prescription guide that would basically return the United States to its founding principles are now planning a similar document of their very own.

Here is my parody:

According to several anonymous but trusted sources, the first part of the manifesto looks very much like this:

The Project 2029 Advisory Board

AARP, ACLU, Antifa, AOC, Barbara Streisand, Bruce Springsteen, CAIR, CCP, CNN, Communist Party USA, Earth Liberation Front, Gavin Newsome, GLAAD, Jasmine Crockett, Kilmar Abrego Garcia, Minnesota Star Tribune, MSNBC, NAACP, NEA, NPR, PBS, Pfizer, Planned Parenthood, Rachel Maddow, Rashida Tlaib, Salon, Slate, Snopes.com, Weather Underground, Zohran Mamdani.

Mandate for Leadership: the Progressive Promise

PROMISE #1: We will rid the nation of infidels (Jews, Christians, MAGA types, etc.) in an effort to save our democracy. Diversity is great, but real diversity sometimes means not being too diverse.

PROMISE #2: We will soak the rich with exorbitant tax rates and use the resulting windfall to institute a national basic income. We don't believe rich people are smart enough to relocate to other nations even if we confiscate the majority of their ill-gotten income. (We will, by unfortunate necessity, have to exempt ourselves from this noble endeavor.)

PROMISE #3: We will legalize criminality and criminalize formerly legal and "decent" behavior. How progressive is *that*, dudes?

PROMISE #4: We will reopen the border. It is unfair of us to limit immigration in any way. And how else are we going to find people to build retaining walls and fences to protect our homes in our gated communities?

PROMISE #5: We will legalize abortion on demand-- at any time for any reason-- up to the age of 7. This will finally release prospective parents from the horrid and inescapable specter of unwanted pregnancy/parenthood and greatly enhance women's health care. #OurBodiesOurChoice. #Women'sRightToChoose.

PROMISE #6: We will lower the legal voting age to...7. (And perhaps also the age of consent, but that is to be addressed after we re-take power from the Republican troglodytes.) This will redress a great injustice to a cherished and yet previously marginalized group. We see you youngsters! And we want your vote.

PROMISE #7: We will keep goading our mentally unstable acolytes into shooting our political opponents, even as we demand 'common sense gun control.' We will then blame the now-dead political opponents for their own deaths. A Brilliant two-fer! We have discovered it is easier to eliminate our opponents than to defeat them. (This seems to also be working for progressive parties in other nations-- such as Brazil, England and Germany.)

Mission Statement

Our aim is simply to take back power from the prudes and bigots and return it to the unelected career bureaucrats, criminals, illegal aliens, and sexual deviants to whom it rightfully belongs. We vow to tax the rich, passively-aggressively enslave the poor, cheapen life, attack Christianity, embrace Islam, rewrite history, mock patriotism, reopen our borders, destroy Capitalism and The Patriarchy, put strict limits on speech to protect the easily offended, eliminate the Second Amendment, and engage in such other activities as we deem necessary to counteract those of the Bad Orange Man who *unconstitutionally* held power the past four years...due, no doubt, to *Russian interference*.

Council Corner by David Diaz, Vice Mayor

The following is a brief update of current happenings with regards to Lake Havasu City and your City Council.

Annexation of Sheriff Substation. The City is working with Mohave County on the proposed annexation of 3500 Hwy 95 N, which is the former Mohave County Sheriff's substation. The City Council will hear the item on the agenda for January 27th and determine if we should proceed. Annexing the property would bring more highway frontage into the City's municipal boundary.

Ironman. Go Lake Havasu was courting Ironman to come to Lake Havasu City, in November of next year. After several meetings and discussions, and looking at a variety of routes, it was determined we are simply not a good location for the event. Just the bike portion of the event is 112 miles, making it very difficult to plan a course that doesn't significantly negatively impact our residents. Closing down sections of Highway 95 and a few neighborhoods is a concern for our residents. The biggest obstacle to overcome was manpower.

SARA Park Dog Park. The parking lot at the dog park is new and improved. The Public Works team put down millings to replace the dirt parking lot. We ran into a few snags that delayed the project, but it is now striped and open to the public.

Council Planning Session. This year's retreat is being held at Shugrues in the Bridge View Room. The date of the retreat is Thursday Jan 22 from 8AM - 5PM. The public is invited to attend.

Used Oil and Fuel Recycling. We are working with Republic Services to install a location at the landfill to allow our residents to safely dispose of used oil, fuel and antifreeze. We are a community full of toys that run on fuel and oil. Ever since a few of our local auto shops stopped accepting used oil, several residents reached out to the City asking us to help fill that void. In partnership with the City, Republic Services agreed to locate two large containers at the landfill to collect the liquids. I expect a big demand for this service. It's all setup as a 6-month pilot program, so we can evaluate the success of the program in a few months.

Citizen Survey. The surveys are going out this week to approximately 3,000 households. This is a wonderful way to solicit the feedback we need from our residents to guide our actions. The results will be presented to the City Council in March.

Anderson Power Sports. We received an application for an At-Risk Grading Permit for their property located at 5601 Highway 95, otherwise know as the "Kiowa Ponds". The application is in the plan review stage.

Back Nine Golf. The tenant located at 1850 McCulloch Blvd N. (Bldg. B, Unit 1) was issued a permit for tenant improvements, including four golf simulators and a lounge area.

Split Finger Athletics. A permit was issued for tenant improvements at 5601 Highway 95 (Bldg. F) that includes indoor and outdoor batting cages and a training center with a gym area. This is the old Win Win Bingo location at The Shops.

Rock Wall Rezone. Remember the rezone that the City Council approved several months back allowing for the construction of a rock wall, miniature golf course and an arcade? The owner's plans changed. They are coming back to the City asking for a rezone, to revert back to the previous zoning. We are being told that the proposed use will be related to the sale of trucks and commercial equipment.

Again, the LHC City Council is here to serve you, the residents of our great city. Feel free to contact me at anytime.

LHUSD School Board Update by David Rose, President

I'm honored to share that I was unanimously reelected as President of the Lake Havasu Unified School District Governing Board. I'm grateful for the confidence of my fellow board members and remain committed to strong leadership, accountability, and keeping students, parents, and taxpayers first.

I also want to recognize an important transition at Lake Havasu High School. Head Football Coach Karl Thompson has announced his retirement. Coach Thompson has served our community with dedication, integrity, and leadership, leaving behind a lasting legacy in Lake Havasu High School football. We are thankful for his years of service and wish him the very best in this next chapter. The high school is currently in the process of searching for a new head football coach. More information will be shared as that process moves forward.

Additionally, it is school board election season. There are currently two seats available on the Lake Havasu Unified School District Governing Board. If you have ever considered running for school board or would like to learn more about what that entails, I am more than happy to answer any questions and talk through the process with you.

Thank you for your continued support and engagement in our local schools and community.

A Gift Of Freedom

By Thomas E. Caldwell, Lieutenant Commander U.S. Navy (Retired)

January 2026

The world was told by the Biden Department of Justice and the media that I was the Commander of the Oath Keepers militia and the mastermind of a plan to attack the Capitol and overthrow the government. They piled phony accusations on top of phony accusations against me — a disabled veteran and retired Navy officer living quietly on my generational family farm in Virginia.

All of these charges were totally false. As would be every new charge invented by the government.

And the DOJ and FBI, even as they attacked our farm in the frosty January darkness with armored vehicles and armored thugs, knew they were false. But they didn't care.

That should be chilling to every American.

My name is Thomas Caldwell and I am a Christian. I am also a retired Navy Lieutenant Commander who served our nation for nearly two decades in the Intelligence Community. My wife, Sharon, and I spent years running a successful software company serving federal agencies ranging from the Department of Housing and Urban Development to the U.S. Coast Guard. We were living peacefully on our small family farm in Virginia's Shenandoah Valley when freedom was snatched from us. Freedom. That and so much more.

I watched helplessly that morning, chained hand and foot, as the bumbling FBI nearly murdered my wife on

our front porch. What followed was my arrest for crimes I never committed, solitary confinement in an icy dungeon, horrific tortures and a nearly 5-year battle through a perverted legal system determined to crush everything Sharon and I had built in our lives together.

Physically broken, I was temporarily released to a cage without bars. Confined to our property with an ankle monitor, always watched, forbidden by “the court” to have normal contact with friends, family and, in fact, the outside world. No access to a cell phone, the internet, social media or a computer. Deprived of the freedom of movement, forced to beg permission well in advance from haughty prosecutors and a fickle judge for attendance even at Church services. Freedom to attend weddings, birthdays, anniversaries, seasonal celebrations, visits to nursing homes and hospitals, even funerals denied. Family and relationships lost.

Silenced. “Don’t you dare speak in public, filthy insurrectionist!” And when I did, it was food for the ravenous lawfare machine which quashed, manipulated and lied about my faith-filled words. Fodder for the cannons of hatred. “Guilty” — and no one would listen to the truth of my innocence.

Life, liberty, happiness, freedom to worship and freedom of speech all denied. Aren’t they, along with truth, the foundations of America itself?

Could this happen in our country? It did. I’m just one person to tell you about it.

Whether on a cold prison floor, in a terrible 10-week long secretive and rigged trial or suffering on the edge of life imprisonment for years, the tougher the situation, the more God revealed Himself and His love to my wife Sharon and me. When there was no hope, we found hope in fervent prayer and in the study of His Word, the Holy Bible. In the darkest and most frightening parts of my life and maybe only in those times, I was the most receptive to Him.

While America has no idea of the carnage wrought by our own government, I wondered if people still read books.

I wrote **“The Mouths of the Wicked: A True January 6 Story of Corruption, Persecution, Survival and Victory,”** over the years of torment as events unfolded — not as a retrospective in the warm light of the victory God would provide. I wanted to share with my fellow citizens my real-world Christian adventure story filled with tragedy, anxiety, miracles, and victory. I wrote it as a friend, your friend, speaking frankly — a testament of faith over fear.

My wife and I learned that you can work hard, treat others as you wish to be treated, play by the rules, pay your taxes, say your prayers and still be targeted by those with unchecked power operating under the cloak of “absolute immunity.” That Supreme Court-upheld notion that government lawyers and judges, regardless of how corrupt they may be, can lie, break the law, violate constitutional, civil and human rights all completely free of confoundment or consequence.

Long before President Trump’s blessed pardons for most (but not all) J6ers, I was acquitted of three conspiracy felonies at trial and the Supreme Court threw out another false charge against me.

This past Christmas, at home on our windswept farm, Sharon and I spoke reverently of God’s strength and provision within the storm. All glory belongs to He who delivered us against all odds. Loosed from oppression and threats, the season was one of peace, praise, and reflection.

While health and reputation and fortune are forever lost to the crumbling fantasy version of January 6, for my wife and me and for hundreds of falsely charged and overcharged citizens, a most wonderful gift this Christmas was that of freedom. No longer a “right,” if a despotic government can snatch it away as it has and will again.

Freedom in our land is what it has always been: a precious gift from God. I am thankful, Father.

“The Mouths of the Wicked: A True January 6 Story of Corruption, Persecution, Survival and Victory,” by Thomas E. Caldwell is available now from PuffinPublishers.com and BookBaby.com in print and ePub versions.

EDITOR’S NOTE: Thomas and Sharon Caldwell will be the featured guests on WCN TV on Tuesday, February 24 at 5:00 pm CENTRAL time. Tune in at: WCNTV.net or on the WCN TV page at Tumble.com

We The Birthright People

It's never been the law of the land that being born here is enough for citizenship, and the lawmakers have made that very clear over the centuries.

Proposed 30th Amendment:

"All persons born in the United States of one citizen parent are naturalized citizens of the United States and of the state wherein they reside. No person who has been or yet to be born in the United States to foreign, alien or non-citizen parents is born a citizen of the United States."
