PRESIDENT - LAJUANA GILLETTE

I hope all of you got a chance to see and speak to Kari Lake on Sunday. The Aquatic Center was full of people, all who loved Kari and were glad to see her in LHC once again. She had her book "UNAFRAID" for sale. She said she still has several lawsuits going on and it seems that she will go all the way to the Supreme Court if necessary. When asked if she wanted to be on the ticket as Vice President, she didn't answer other than to say that there were many candidates that were well qualified and she was sure President Trump would make the correct decision.

Apparently, there are others who are pursuing the fraud of the 2020 election as well. We wish them all well and hope that we have the answers before the 2024 election, so we have clean elections again in the USA.

One of the main problems for the 2020 and the 2022 elections, was that the Republicans stayed home and didn't vote. Many of the reasons were due to the thought that it didn't matter if we voted or not. Of course, that was entirely wrong and resulted in only 55% of the Republicans of Mohave County (the reddest County in Arizona) voting! Some of the races were so close that if the other 45% had voted, we would have won!

So, as active Republicans, we must talk to our friends and make sure that we get them to the polls in 2024. All of us are responsible for helping all we can.

We are the ones who know beyond doubt that if we aren't successful in 2024, we will have lost our Country! And we can't let that happen.

We need President Trump!! The Democrats know that he will win! That's why they are trying to smear hm with these bogus charges.

Please get out to vote and make sure your friends vote too.

God bless America, LaJuana Gillette President 2023

SECRETARY

1ST VICE - PROGRAM

Speaker: Jason Smith

He will be speaking on The Perils of Rank Choice Voting.

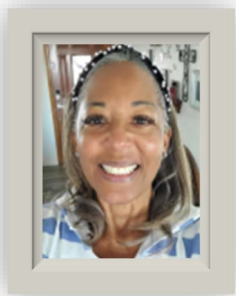

Well—it is September and 3/4 of our year is already past! I can't believe it is almost fall. I'm sorry to tell you that Jan Boyds dad passed away this past month. Our hearts are with her at this time. I sent her a

card. I also sent a get well card to Stephanie Michels. We missed her at our last meeting. I was happy to see Denise Burnett back with us following her surgery. Remember Loretta Irwin and Janice Gould who are still in treatment at this time. Thank you to those who text me with news of members who are having health issues.

SPOTLIGHT MEMBER: KATHY ELLSWORTH

Hello, my name is Kathy Ellsworth. I was born in Decorah, Iowa, the only girl in a family full of boys, five older and one younger, my dad a self-taught mechanic and my stay at home mom. My folks had nearly given up hope in having a girl. My dad's younger brother, Chuck proclaimed on his wedding day in 1951 that he and his new bride would give his folks the first granddaughter. However, I was born just a week short of nine months later! Like my dad, I too am competitive. All those brothers probably had something to do with it as well.

I was a quiet but inquisitive child; math was my favorite subject, the same as my folks and most of my siblings. Our family moved to Des Moines when I was just one, where my dad eventually had his own commercial garage and as my brothers got old enough to drive, our driveway and garage began to fill with cars. I loved it!

I graduated from high school in 1970 and on September 4th, I met my future husband Lee (Leo) Ellsworth on a blind date. Lee was the youngest of seven children, born in Des Moines, IA. We were married a year later on his 24th birthday on October 10, 1971. We became parents ten months later (to the day) to our beautiful daughter Patti. Seventeen months later her brother Andy was born and we decided to stop at two. Lee worked full time in the HVAC business while attending college fulltime at night on the GI Bill. He was always working to improve himself and our family situation and had his own business in Ankeny Iowa and later here in Lake Havasu.

We moved to Tucson in the summer of 1987. I had mostly been a stay at home mom and doing the bookkeeping for Lee's business before moving to Arizona. Later that year I got a job to help support our family and a few months later, we bought a small print/copy shop, which I managed. We sold the print shop, moved to LHC in Jan. 1991, and then to the Phoenix area in the summer of 1992, when Lee got a job offer at the Palo Verde Nuclear Power Plant. In Phoenix, I worked for several different companies in finance before being offered the Payroll Supervisor job at Phoenix Memorial Hospital-Abrazo Healthcare, and later transferred to their new West Valley Hospital in Litchfield Park when it opened in August of 2003.

We designed and built our home in Tonopah, AZ in 2002. Lee died in January of 2005 and I was offered a job as Senior Financial Analyst with Cigna Healthcare later that year. A year later I was granted permission to work from home when I sold our home and moved back to Havasu, alone. I retired from Cigna in July of 2015, but have since picked up several bookkeeping jobs to help friends. Last year I moved into the home I designed and had built in the Havasu Foothills.

My son Andy and his wife Rebecca, daughter Emily and son Leo (named after the grandfather he never met) moved in 2018 to 30 acres outside Anchor Point, Alaska, living totally off the grid! Like his father, Andy can do just about anything. Patti and her husband Michael live in Scottsdale, AZ.

Over the years, I've had opportunities to gain computer, bookkeeping and management experience. I enjoy various creative pursuits, including refinishing furniture, decorating, and crafts, as well as spending time playing cards and games with friends.

McCarthy and a looming government shutdown?

By [Brian Hollands](#)

I just watched Maria Bartiromo's interview with Speaker of the House Kevin McCarthy. It's pretty clear that McCarthy wants to avoid a shutdown at almost any cost. At first, I thought, "Yeah, we need to get rid of him," but with whom are we going to replace him? Let's face it, we're stuck with McCarthy.

Politics is the art of compromise. So, here's my rational proposal for Mr. McCarthy.

Give McCarthy a budget, any budget he wants, with three *very specific* caveats:

- Zero funding for the National Archives. If they won't give up Biden's pseudonymous emails, they will get no funding. Non-cooperation is not an option.
- Zero the budget for the Department of Energy. Granholm can destroy the American economy on her own dime.

Zero the budget for the Department of Justice. If Garland wants to destroy all legal norms by prosecuting the leading opposition party candidate for president, he can do it pro bono.

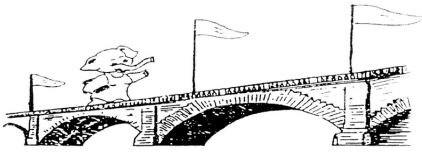

Three very straightforward budget items that can be explained in a sound bite and even a fool can understand them.

This solution avoids a shutdown and allows McCarthy to say that he's keeping the government funded. It puts the Democrats on the defensive—they must defend those three simple talking points, and squishy Republicans can see that a fight can be won. Speak softly simply and carry a big stick.

*Faith and Grace...received many needed items for their homes and women and children. Thank You LBRW members for your \$ donations and gifts. **If you missed last meeting you may donate on Oct 2 !!!***
