My head is spinning with all the corruption that is being exposed. I considered making a list but realized it would fill this newsletter. So instead I will advise and admonish you all to watch the NON Woke news outlets, most of which are not on TV in order to see for yourself what is being uncovered.

I watch and recommend The Daily Wire, The Blaze, NewsMax and Rumble, which have lots of reliable pod-casters. YouTube carries several as well. My favorites are Wolves and Wall Street, the Benny Show, featuring Benny Johnson. Also from the Daily Wire and aired on YouTube are Ben Shapiro, Andrew Klavan, Michael Knowles, and Matt Walsh (maker of the documentaries “Am I Racist” and “What is a Woman”, which can only be seen on the Daily Wire). I also like Candace Owens, who has done great hard hitting exposés of Kamala Harris, and Brigitte Macron, first lady of France. Tucker Carlson, in my opinion, does some of the best interviews with important people who know the back stories. And I love the dynamics of TRIGGERnometry for their in-depth interviews. As you can see there are several to choose from, many more that I don’t even know. I don’t recommend Fox as it is a very soft serve network.

We are learning the reason the legacy media is so skewed against conservatives is that they are owned by subsidies of US AID, the CIA and DOD. These organizations have used the same system and process on our country that have been used in Central and South American countries to rig their elections and put in place the politicians they control, in order to impact what happens in those countries, but not in a good way. Take Guatemala, for instance, where US AID, the US State Department and the CIA rigged the 2023 election to put in office CIA controlled politicians so they could continue to run the world’s largest Child Trafficking network out of Guatemala. In the process over 192,000 children were brought to the US without parents, and are now nowhere to be found. They are part of the over 400,000 *known* immigrant children missing in our country and believed to be used in

Hello everyone,
 Did you know that March is National Women's month? A whole month to celebrate the achievements of women. There are 10 women in President Trumps cabinet including Susie Wiles, the first ever women to be Chief of Staff in the White House. President Trump is putting women miles ahead with his appointments not to mention, keeping biological males out of women's sports. Things are looking up, welcome to Spring 2025.

Please let me know of LBRW members that have been ill or have had a hardship and I will send them a card from the club. I have sent out birthday card and, I have also sent cards to encourage Pat Landry, Vickie Corcoran, and Stefanie Michels.

the organized Sex Trade. It's been discovered that organizations such as "Save the Children", of which Jill Biden was Chairman of the Board, are part of the world's largest child trafficking network, making the US the Child Trafficking Capital of the World. I think this is why the Left bashed the movie "Sound of Freedom" that reported on these activities in Central American countries and will likely do the same to Ryan Matta's film "What is Treason", on Rumble. He exposes the NGOs and government agencies responsible for the child trafficking all over the world.

I believe Biden pardoned his whole family and others just as President Trump was taking office because he knew they are ALL guilty of duplicity in these activities. But he neglected to pardon himself. I would love to see charges of child endangerment, money laundering, treason and others brought against him. And when he is convicted, be sent to Guantanamo Bay to serve out his life sentence. And by those standards, I would propose all the pardons he granted be declared unconstitutional by nature that a Treasonous person has no authority to grant them and the pardons be revoked! Then charge all those people with Treason and anything else they can throw at them. The hard working, trusting American Taxpayers and the gross number of trafficked children need to be vindicated!

I am so angry with the corruption, theft and propaganda that has been carried on in our country, under the guise of the Democrat party that I want us to do more than defeat them in elections, I want the party to be destroyed!

I think the last 30 years of US history will go down as the darkest time in our country. I am so thankful that Donald Trump won the election and had his game plan in place before he ever took the oath of office.

Let us truly, **MAKE AMERICA GREAT AGAIN, HEALTHY AGAIN, INTELLIGENT AGAIN and GOD FEARING AGAIN!** I pray that God would lead us in this endeavor. Perhaps then we can celebrate a new Golden Age on our 250th anniversary next July.

SPOTLIGHT MEMBER – KATHY TILLINGHAST

Hi there .

I was born in San Fernando, California on June 24, 1946, and named Nora Kathleen Aiko Shimotsukasa, but you can call me Kathie. I was married to James E. Tillinghast for 40 years until he went to be with the Lord. We raised 2 amazing children of our own, Cheryl and Grant, plus my brother and 2 sisters. We have 6 grandchildren.

Presently, I am a retired hairstylist. I have owned 2 salons: one located in California and the other in Lake Havasu. I've lived here for the past 31 years.

My grandparents, father, and his siblings were interned during World War II. While in the camp, my father, Michuru Shimotsukasa, joined the army and was in the MIS (Military Intelligence Service) where he translated Japanese to English. He was awarded, along with the 442nd and 100th Battalions, the Congressional Medal of Honor on November 11, 2011. (I'm holding the award in my picture.)

I absolutely love to travel. Of the 17 countries I have had the privilege to visit, Israel is my favorite. It was amazing to see so many places where Jesus walked, taught, was crucified, buried and rose again. I have been a member of Calvary Baptist Church since 1993. I also love card making, RV camping, and traveling. I am a member of the Crusaders Class, Christian Women's Connection, the Lemon Drop Divas, and Celebrate Recovery. I am proud to share that I am going to receive my 42nd chip this June!!!

I have been a Republican since 1976! I joined LBRW in 2022 and have been a PC since 2023. I love the core values of the Republican party. They believe in **America First** and in the **Constitution** as our founding document. They believe, as I do, that our country is founded on the principle of being **One Nation under God**.

Council's Corner: Compliments of David Diaz

Greetings to all of the great patriotic members of the London Bridge Republican Women's Club. I've been very busy representing all of you since I was sworn in as your newest Lake Havasu City Council Member back on November 26.

There is much happening in our beautiful city and I want to give everyone a brief overview of what's occurring now and coming up in the near future.

First a key national trend that affects LHC. As everyone knows we've just gone through a very successful election and all will be affected positively in Lake Havasu City with this new America First agenda. It's been reported that illegal border crossings are down over 90% since the January 20 inauguration. This slows down the negative affect that crime, illegal immigration encampments, lack of housing and pressure on law enforcement bring to all municipalities throughout our state. These negative pressures eventually bleed into LHC as well. Let's also not forget the

pressure on our schools and hospitals due to overcrowding. Again, positive news for Arizona and Lake Havasu City.

We just conducted our annual City Council Retreat Planning Session. This is a day long meeting where we get a review of the past year's achievements and possible upcoming year's objectives from all Lake Havasu City Department Heads. This includes Police and Fire, City Attorney, City Magistrate, Public Works, Parks & Recreation, Building, Zoning & Code Enforcement, City Clerk and City Manager. We also hear from two third party entities that the city contracts with, P.E.D. (Partnership for Economic Development) and Go Lake Havasu (formerly Convention and Visitors Bureau). These presentations and the discussions that immediately followed as well as upcoming planned public meetings, will help us develop and construct the upcoming city budget. I look forward to being a part of this process.

The General Plan is reviewed and adopted every 10 years. The last update was ratified by the voters of LHC in 2016. So we are starting the process now of preparing for the 2026 LHC General Plan update.

We just agreed to a CMAR (contract management at risk) contract for the construction of Fire Station #7. This CMAR contract process protects the city from cost overruns during construction. The new Fire Station #7 will be located on the corner of McCulloch Ave. and Sloop St. Construction has been tentatively communicated to be completed by late 2026.

The construction of the new Downtown gathering place/park (currently called Downtown Catalyst) is moving along. This is tentatively scheduled to be completed in time for the Desert Storm event in April. There is a "name the park" contest currently going on and 4-5 final names have made the cut. Please go to LHCAZ.gov to provide your input.

At our last City Council meeting we updated the ordinance on how Council members can place items on future City Council meeting agendas. We made it easier by now only requiring a motion and a second to add future agenda items. This was the right thing to do for Council Members and LHC citizens.

For more detailed information on these updates and others, please visit LHCAZ.gov.

The City Council is here to represent you the citizens of our great city.

Best Regards, David V. Diaz
Councilman
Lake Havasu City

School Board Update from LHUSD #1 Board President David Rose

I am honored to share the accomplishments of the MAGA Team since we were sworn in to the Lake Havasu Unified School District Governing Board. I have visited each of our schools, meeting with principals, talking with teachers and staff, and working to strengthen the connection between the board and the district.

This month, our board took significant actions during our Governing Board meeting held on Thursday. We made history by partnering with our state representative, Leo Biasiucci, to pass his school food bill. This makes us one of the first school districts in the nation to ban food dyes and harmful chemicals from our school meals.

The second agenda item that I am extremely excited about is the increase in teacher and staff salaries. Historically, LHUSD has been one of the lowest-paying districts in the state and the nation. This has made it difficult for us to retain quality teachers due to low pay. We have implemented a raise of \$6,000 for our teachers and staff to honor the requests of voters from the previous override. This increase will help our district become more competitive in recruiting new teachers and staff.

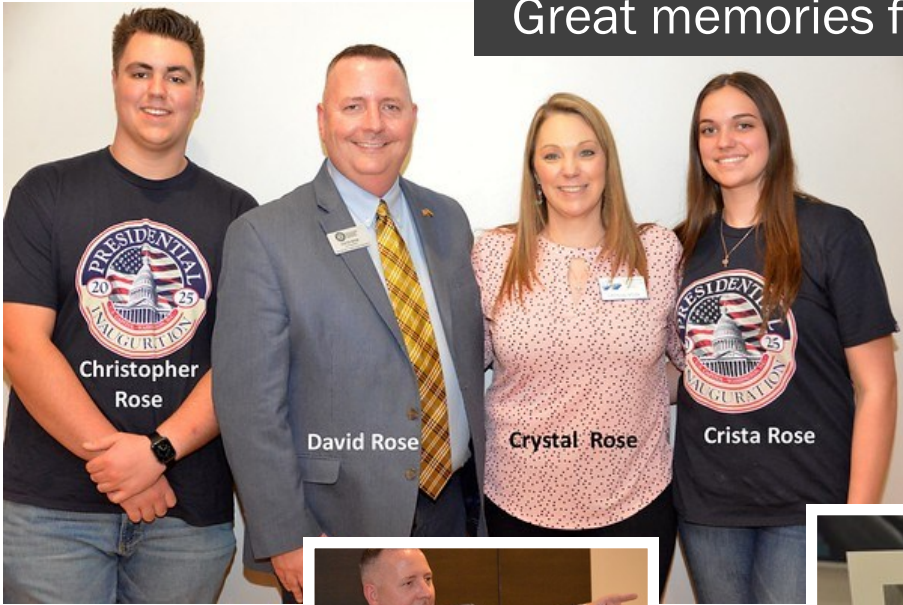

Additionally, we approved both a budget and a curriculum audit, which we promised to conduct during our campaign. These audits will provide answers to everyone's questions regarding what I believe are two of the most critical aspects of our district operations: how we are spending money and what exactly we are teaching our students, as well as how we are training our teachers to be effective in the classroom. I look forward to sharing the results of these audits.

I invite you to attend our monthly school board meetings, which take place on the second Thursday of every month at 6:00 p.m.

Sincerely,
David Rose
President
Lake Havasu Unified School District
